IOSDEVUK 2023 SPONSORSHIP

What you are supporting

iOSDevUK is the world's longest running iOS development conference, starting in 2011. It is limited to around 220 attendees, and many of the UK's top iOS developers will be attending. The conference is followed by thousands more on Twitter.

Principles of the Conference

We price the conference as low as possible to make it affordable for independent developers to pay for themselves, and use sponsorship money to improve the experience for the attendees. We have a strong inclusivity policy, and encourage diversity both in speakers and attendees.

Benefits of Sponsorship

Direct access to 220 of the top iOS developers. Indirect access through twitter etc to many more (our sponsor FF tweets last year were retweeted to some 20,000 others).

Sponsorship Opportunities

We offer a range of sponsorship opportunities. In all cases we are happy to discuss how we can tailor the package to your requirements.

Platinum sponsor. For £4,000+VAT you can sponsor the Conference Dinner or our Diversity bursaries We will headline your name/logo on the website and feature it in the programme as a Platinum Sponsor, and distribute your publicity material in the iOSDevUK goodie bag. We will provide two complimentary tickets with accommodation to the conference as part of the package.

Gold sponsor. For £2,000+VAT you can sponsor the conference lunches or the workshops on Monday and Thursday, or drinks at the conference dinner. We will publish your name/logo on the conference programme and the website as a Gold Sponsor, and distribute publicity material in the iOSDevUK goodie bag. We will provide a complimentary ticket with accommodation to the conference as part of the package.

Custom sponsor. We are happy to work with sponsors to craft a sponsorship package that fits your interests and needs. We are also happy to distribute freebies (e.g t-shirts or reusable mugs). to the attendees in the iOSDevUK goodie bag.
